**MEMORANDUM FOR: HQ, USAF
APCIG-5**

SUBJECT : Fuel Reporting

1. Your assistance is requested to improve the procedure for obtaining PF-1 Fuel Analysis Readings from [] on fuel delivered []

25X1A

25X1A

25X1A

2. Presently [] obtains this information from the [] office at the [] storage site. [] receives a telephone call that the fuel sample from their storage tanks has checked "okay". This is followed up by a written report, but the report does not carry the company letterhead nor is it signed by anyone.

25X1A

3. We request that you establish the following procedure with []

25X1A

a. [] to airmail to Detachment 1, [] Attention: DCN, an Analysis Report in accordance with PW523-B Specification on each batch of fuel shipped from the []. The same procedure to be followed for each sample of fuel forwarded to them [] for analysis.

25X1A

25X1A

25X1A

b. A telephone call to the Detachment giving the results of each Analysis Report prior to mailing will assist in declaring a given storage tank operationally ready rather than keeping it in a "hold" status. Telephone reports should include the name of the person who will sign the written report.

c. All Analysis Reports to be on a company letterhead, signed by a responsible official.

4. Please advise when this procedure has been established.
